Dear Ms. Ciric:

Thank you for your courtesy fax. I am sorry for keep making mistake in responds, and I really appreciate for all your effort in helping me with this application. I have read through the application again and decided to choose one of the species for examination without traverse. The specie I elect for examination without traverse is figure 7A & 7B. And the Claim for this species I choose will be claim 53, 54, 55, 56, 57, 66, 69, and 71. Please exam this specie and the claims chosen for granting the patent.

Thank you very much for your time and help.
